Ways to Get Involved

Empowering South African youth through opportunity, partnership and action.

The Pumeza Mngambi Foundation (PMF) is committed to connecting young people with the support, skills, networks and opportunities they need to build better futures. As we prepare for Youth Expo 2026 and continue to grow PMF's broader youth empowerment work, we invite partners, organisations, professionals and community members to get involved in meaningful ways.

Why partner with PMF?

PMF is rooted in community and driven by a clear mission: to empower young people — particularly those from underserved communities — with access to skills development, career exposure, employment pathways, entrepreneurship support and practical guidance.
